Attorney General John Ashcroft  
US Department of Justice  
950 Pennsylvania Avenue, NW  
Washington, DC 20530

Dear Mr. Ashcroft:

I am writing you to express my belief that the time has come to end the Microsoft antitrust case. The Justice Department's proposed settlement plan should be implemented immediately.

I believe the plan is more than fair from the complainants' standpoint. The procedures and policies Microsoft will adopt exceed the original demands of its competitors. Microsoft will have to share code, change marketing and licensing practices, and submit to government oversight. The company will open itself up to more than mere market competition; it will be required to aid its competitors. This is more than sufficient.

This company should be allowed to return to the business of developing and producing the world's most accessible computer systems. It's time to end this case.

Sincerely,

Stephen Calandrino
